NEKLO

Installation

Manual Installation

1. Unpack the zip file provided into the root folder of your Magento installation.
2. Go to **Magento Admin Panel** and flush cache under **System → Cache Management** menu.

NEKLO

Configuration

To configure extension open your **Magento Admin Panel** and go to:

System → Configuration → Neklo → Facebook Page Plugin

Here you could turn extension on or off:

The screenshot shows the Magento Admin Panel configuration page for the Facebook Page Plugin. The breadcrumb trail is CMS > System > Facebook Page Plugin. The current configuration scope is set to Default Config. The configuration is categorized under NEKLO. The Facebook Page Plugin is currently disabled, with the 'Is Enabled' dropdown set to 'No'. A red message prompts the user to 'Enable widget for your website'.

Widget setup

To setup the widget please go to:

CMS → Widgets → Add New Widget Instance

Select **[Neklo] Facebook Page Plugin** as **Type** and currently used **Design Package/Theme**.

The screenshot shows the 'Add New Widget Instance' page in the Magento Admin Panel. The breadcrumb trail is CMS > System > Add New Widget Instance. The 'Type' dropdown is set to '[NEKLO] Facebook Page Plugin' and the 'Design Package/Theme' dropdown is set to 'rwd / default'. A 'Continue' button is visible at the bottom of the settings form.

		<input type="text" value="Facebook Page Plugin Template"/>

Specify the place on the page where you want to insert the widget

NEKLO

And widget options:

The screenshot shows the 'New Widget Instance' configuration page in the CMS. The page has a top navigation bar with 'CMS' and 'System' tabs, and a 'Get help for this page' link. Below the navigation bar, there are buttons for 'Back', 'Reset', 'Save', and 'Save and Continue Edit'. The main content area is titled 'New Widget Instance' and contains a 'Widget Options' section. On the left side, there is a sidebar with 'Widget Instance' and two sub-sections: 'Frontend Properties' and 'Widget Options'. The 'Widget Options' section contains the following fields:

- Is Enabled ***: Yes (dropdown)
- URL Key ***: neklollc (text input)
▲ The URL Key of the Facebook Page
